Story	Science	History	Geography	Art	DT	Computing
Where the Wild Things Are Autumn A	Name 5 common animals. Describe a simple lifecycle of a known animal. Describe 3 types of animals as fish, bird, etc. Name 2 carnivores, 2 herbivores and 2 omnivores.	Explain 2 reasons that Jane Goodall is significant. Describe the environment which she worked in. Name 2 similarities and 2 differences between Jane Goodall and another historical figure previously studied.	Name 3 natural materials found on the school grounds. Name 5 manmade features found on the school grounds.	Identify 3 examples of Andy Goldsworthy's art and name the medium used to create them. Name a feature of Andy Goldsworthy's work.	Compare the movement in this mechanism to the previous mechanism used. Name 3 similarities and differences between this mechanism and the previous mechanism used	Name 3 ways that technology has changed our toys. Use an age appropriate website to research 2 facts about toys.
Beegu Autumn B	Name the material of 5 everyday objects (wood, plastic, metal, rock, glass).	Name Theodore Roosevelt. Describe something that Theodore	Name the 4 main compass points. Use 4 types of directional language to describe maps	Create an observational drawing of a recognisable human body with appropriately positioned body parts.		Follow a simple algorithm to move the Bee-Bot. Create and use a set of instructions

Year 1 Knowledge Organiser

	Describe 2 main properties of each material. Name the 5 senses and which body part is associated with it. Name 10 body parts and facial features.	Roosevelt was famous for. Identify 5 historic toys.	and locations e.g. north, south, east, west, near, far, left and right. Know that they live in Bridgwater. Know the name of 5 local features such as lamppost, bus stop, zebra crossing. Explain the purpose of a map.	Use sketching pencils to create a recognisable animal and plant.		linked to our story to move the codopillar;
Astro Girl Spring A	Name 4 materials that are natural and 4 that are manmade. Name 2 properties to 3 different materials. Predict whether 5 different materials	Describe 3 things about Admiral Blake. Know 3 similarities and 3 differences between Admiral Blake's time and now in relation to clothing and transport.	Name 3 similarities between our local area and a jungle. Name 4 differences between our local area and a jungle.	Draw a recognisable, proportional self-portrait. Use basic shapes to create an observational drawing of a building. Name 4 colour shades (light and dark) when	Name and use two types of knots. Name 3 waterproof materials. Describe why a certain object needs to be made	To name 3 ways that technology helps people in their jobs. Use typing skills to create a sentence describing a job role.

Year 1 Knowledge Organiser

	will float or sink, explaining why.	Name 3 changes between modern toys and pre-technology toys.		looking at pieces of art. Use 4 different colours and shades to create an observational drawing of a jungle.	of a waterproof material. Name 3 ways to join materials together. Name 3 strengths and 2 next steps when evaluating their 3D boat projects.	Know how 2 digitally recorded sounds are made.
The Odd Egg Spring B	Name all parts of a plant and describe their functions. Name all the parts of a tree and describe their functions.	Name 2 ways that William Morris has impacted modern times. Identify 2 famous pieces of his work.	Name 4 plants or trees in the local area.	Identify 3 different repeating patterns. Replicate a repeated pattern using polystyrene blocks.	Know that mechanisms involve movement. To name 3 mechanisms. Name 3 of the main steps taken when making levers and sliders.	Use pictogram software to investigate a question linked to materials and record data. Use Venn diagrams to sort appropriate clip art of 6 objects made of

Year 1 Knowledge Organiser

						different materials.
Stanley's Stick / Dinosaurs and all that Rubbish Summer A	Name the four seasons. Name which weathers are associated with which seasons. Name 4 ways that trees are affected by the seasons.	Know why Edmond Hillary was an explorer. Describe 2 places that Edmond Hilary explored. Name 3 pieces of historic equipment and 3 pieces of modern equipment.	Use geographical language to describe 5 human and physical features e.g. cliff, mountain, valley, canal, village. Name the weather that you might see in 5 different locations.	Name 4 different mediums. Name 4 different art techniques and use them to make different patterns and textures.	Identify and replicate the collaging technique to create spirals. Describe the function of a pulley and the function of a cog.	Compare 3 pieces of historic technology with modern technology. Use the keyboard to write a sentence about an animal. Use software to create an interactive story about an animal.

Year 1 Knowledge Organiser

					Describe 2 ways to improve their product.	
Izzy Gizmo/A Walk in London Summer B	Name 5 types of weather. Name 3 different pieces of appropriate clothing for the current weather and time of year in the local area. Name 4 different pieces of	Name Queen Elizabeth II when looking at an old photograph of her. Name 3 facts about Queen Elizabeth II. Name 3 parts of a castle and their functions.	Name the 4 countries in the United Kingdom. Name the 4 capital cities in the United Kingdom. Name the 4 seas that surround the United Kingdom.		Use 3 different positional words to describe weaving e.g. over, under, through. Describe 2 steps taken when weaving.	To name 2 risks of posting videos of the internet. Name 2 reasons you shouldn't share photographs online. Create a newspaper report using the 3 facts on weather that

Year 1 Knowledge Organiser

	appropriate clothing for another time of year in their local area.	Name 1 reason why Bridgwater Castle was located where it was.	Locate the River Parrett on a map of the United Kingdom.			the children have researched.
