

School council

First Meeting - 08/02/24

Present: JC, G & I (NP), M & E (SB), EJ (PPK),

N (SD) Apologies: B & O (PB), L (SD), H (PPK)

1) Getting to know each other - introductions

All children and KC introduced themselves and said which class they were from.

2) What is the School Council?

JC explained that the school council has been set up to share all the good things about our school and help make our school even more amazing by gathering ideas from all of the children. JC explained that the children's ideas would be shared with Mrs Weatherburn and Mrs Seago and that some ideas that we share will be able to be done, and some might not but we want ideas from everyone. JC asked if all children understood what school council was and all agreed they did.

3) Do I still want to be in the School Council?

All children agreed they still wish to be part of school council.

4) Signing the School Council Agreement - Creating school council rules.

We did not do this - short meeting and illness! JC will create the school Council Charter for our next meeting. We did create our school council badges.

5) What do I want to achieve in the school council?

G: "I think we should have more toys that we can play with at playtimes".

JC explained the Mrs Wynn was already sorting out the playground boxes which should be ready after half term for us all to enjoy.

6) Arrangements for next time - gathering ideas from our classes.

JC will create a letter to send to parents to inform them that the children have been elected as school councillors. We will also update the school council board. Introduce school council in the singing assembly after this meeting. JC will inform the children of the next school council meeting when a better time can be arranged so all children can make it. (choir practise was on today at meeting time)
