

We are Design Technologists

We will make things to help us in our world.

Designers...

We will:

- Research.
- Use our ideas to plan.

Research

Creators...

We will:

- Use equipment and tools to create our masterpieces.

Equipment

Testers...

We will:

- See if our products work.

Test

Evaluators...

We will:

- Look at what went well and how we can improve next time.

Evaluate

In DT, we listen, ask questions, follow instructions, think independently.

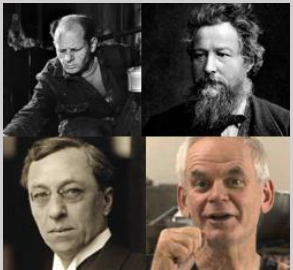

We are artists

We create and explore beauty for our world.

Learn

We learn about different artists.

Techniques

We use different techniques.

Design

We design projects: tile, weaving, canvas.

Experiment

We experiment with ideas and mediums.

In art, we listen, ask questions, follow instructions, think independently.

We are Historians

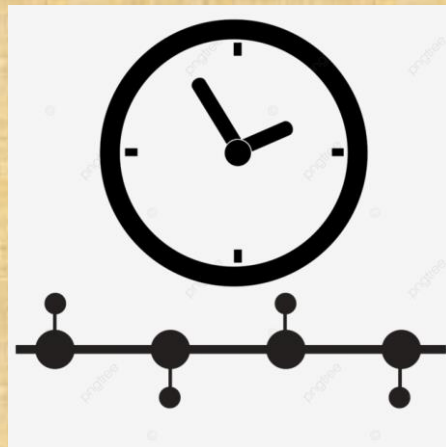

We understand the past.

We learn about changes in our world.

We order significant events.

We talk about important people in the past.

We ask questions and investigate.

In History, we listen, ask questions, follow instructions, think independently.

We are Scientists

Science

We explore and find out how things work in our world.

Observers

- Look and ask questions.

Look

Researchers

- Find out how things work.

Explore

Investigators

- Test our theories.

test

Analysts

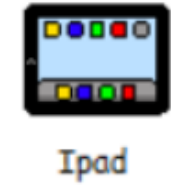

- Share our findings.

Discuss

In Science, we listen, ask questions, follow instructions, think independently.

We are digitally aware.

We use technology in our lives.

Handling data.

- We collect and compare data.

Handling Data

Programming.

- We programme simple software.

Programming

Multimedia.

- We use a range of devices.

abc
Multimedia

Technology in our lives.

- We discuss and share technology.

Technology in our

lives

Online safety.

- We know how to keep ourselves safe.

Online Safety

In Computing, we listen, ask questions, follow instructions, and think independently.

We are geographers

We learn about the features of our world.

We compare environments.

We gather information.

We take part in fieldwork.

We ask questions.

We use maps.

We analyse data.

In geography, we listen, ask questions, follow instructions, think independently.
