## How Government uses your data

The governance data that we lawfully share with the Department for Education (DfE) via GIAS will:

- increase the transparency of governance arrangements
- enable the school and the DfE to identify individuals who are involved in governance and who govern in more than one context
- allow the DfE to be able to uniquely identify an individual and in a small number of cases conduct checks to confirm their suitability for the role

To find out more about the requirements placed on us by the DfE including the data that we share with them, go to <https://www.gov.uk/government/news/national-database-of-governors>

Some of these personal data items are not publicly available and are encrypted within the GIAS system. Access is restricted to authorised DfE and education establishment users with a DfE sign-in (DSI) account who need to see it in order to fulfil their official duties. The information is for internal purposes only and not shared beyond the DfE unless the law allows it.

To request a copy of the personal data held about you by the DfE, you should make a subject access request (SAR). Further information on how to do this can be found within the DfE's personal information charter:
