Although this still remains below the National average for year one the standard has raised 15% over the last three years, 20% over the last four years and 33% over the last five years.

By the end of year two the number of children who have achieved the threshold is above the National average.

Targets.

Phonics has been a whole school development focus for the last three years and will continue to be a focus as we work to close the gap in our results and national standards. We set the targets to raise by 2% each year. However, this must take into account the starting points of the Reception cohort and the attainment of GLD by the end of Reception. The Reception cohort this year had much lower starting points and although they have made good progress and the GLD % was 57% (matched the standard achieved in 2017/18) very few children met the exceeding standard and are working within the band rather than having achieved it, much less than the previous year. For this reason, our target for phonics will be to maintain the same standard as this year – 69%-70%.

80% of **year two** retakes = 21/26\* children (currently 12 on target scoring more than 10 in Y1).

94% of year two (total meeting threshold by end of y2) = 81/86\* children.

\*Sept 19-three children have already left Y2 bringing the total down to 83, 2 had met the threshold and 1 had not. This means 20 out of 23 to make the threshold standard of 94%.

70% of **year one** = 51.1 /73 children (51 children = 69.9%, 52 children = 71.2%).

Oct 19 – Y1 up to 75 70% = 52.5 children 52 = 69.33 and 53=70.66% All 26CP/All 24MW/3BW overlap between MW and BW – see children’s starting points. Y2 now 85.
