Dear Parents/Carers,

Children with Nut Allergies

We now have several children with nut allergies, including one with a severe allergy, across classes in the school and nursery.

For their safety, we must ask that you please do not send your child into school with any nut-based product – this includes products that may contain traces of nuts.

It is important that you please check the labelling of food products before sending your child into school with them, as it is not always apparent that products contain nuts or traces of nuts.

Thank you for your assistance in this matter.

Yours sincerely

Mary Weatherburn  
Headteacher
